

ROUND OVERVIEW

Players take turns. On your turn, choose one:

ACTIVATE A ROOM

OR

COMPLETE A MISSION

or you can **pass**.

Once everyone has passed:

1. Slide figures to ready room, leaving 3 in queue.
2. Take stuff from the round-counting track on the main board.
3. Replenish unoccupied stations.
4. Pass the starting player marker.

CREW AND ARTIFACTS

CADET

ENSIGN

ANDROID

- Matches any color on missions.
- Cannot activate rooms.
- Leaves after use.

COMMANDER

- **First task:** Same as an ensign.
- **Second task:** Do extra work, or command a subordinate.

ARTIFACTS

- **Two artifacts activate a room of their shared color.**
- Cannot be sent on missions.
- Discard both after use.

MEDALS

Only figures in your **ready room** can be trained or promoted, and you can do it only **at the start of your turn**.

Training: Spend  to change the color of a cadet or an ensign.

Promoting: Spend  to promote an ensign to a commander.

 You may do 1 move. If you pass through a pirate, take 1 .

 You may place your ship at **any** location. Ignore pirates.

 You may fight a pirate on a route leading from your location. Take , the pirate's reward, and the defeated pirate token.

 You may take a tech from the central tech board. Place it in an empty slot and resolve the tech bonuses you match.

 The same as the effect above, but you have the option to discard one of your techs and put the new one in its slot.

 Tech bonuses. When matched, gain:

 =   =   = 

 You may repair 1 damage.

 Take 1 damage. It goes in a cargo slot. Not optional.

 Take 1 pirate token.

 Take 1 random artifact.

 Take 1 medal.

 Draw a pirate and place it on the matching route at your location (if not occupied already). Not optional.

   You may advance 1 space on the corresponding track.

 Choose a faction track and advance up to 2 spaces on it.

 Move the first figure in your queue into your ready room.

   Mission with at least one line of the depicted color.

   You may discard the depicted token to gain the depicted benefits.

 /   The slash indicates you choose one of those two options.
