

# Kutná Hora

## the City of Silver

### Promo Cards

1

#### LAND RIGHTS COMPACT

*The early settlers at Kutná Hora claimed not only the lucrative mines but also various lands around the town. Ownership was sorted out by an agreement in 1289.*

At the end of the round, lose 1 reputation for each plot marker you have in Kutná Hora.

#### LAND RIGHTS COMPACT

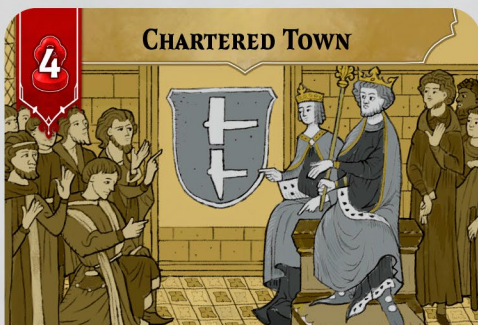

When the event is revealed, advance the tax counter by 1.

At the end of the round in which the event was revealed, advance the ore deck by 1 and advance the population deck by 1. Then each player loses 1 reputation for each plot marker they have in Kutná Hora (so only for the plots, which the players have claimed but haven't built on them yet). This way each player can lose up to 3 reputation.

#### CHARTERED TOWN

*With a royal charter, Kutná Hora was under no lord except the king himself. The townsfolk had many rights that were unavailable to most commoners.*

Everyone gets a fourth turn in which they play their sixth action card.

#### CHARTERED TOWN

When the event is revealed, advance the tax counter by 4.

In the round in which the event was revealed, everyone plays all six action cards. In that round, each player has 4 turns. They play 2 cards in their first turn, 2 cards in their second turn, 1 card in their third turn and then the 1 remaining card in their fourth turn (so they perform 2, 2, 1, 1 actions).

Be especially careful with planning your actions this round so you could use even your sixth card.
